北

The name “Zuicho” means auspicious omen. We wish for nothing but only the best dining experiences to accompany guests.

The definition of “割烹 - Kappo” is a combination of two Chinese characters.

“割” (Ka) means chopping food with a knife. “烹” (Po) represents cooking with fire. The two characters combined symbolize traditional Japanese cooking methods.

Our menu is highly focused on quality of ingredients, as well as the interaction between our chefs and diners. The key elements behind “Kappo” cuisine.

All ingredients are carefully selected from Japan by head chef Yoshinori Kinomoto and constantly changing according to the four distinct seasons of Japan, the inclusion of abundant seasonal produce is the essence of our menu creation.
